City Manager's Budget Message

Although the City of Willcox continues to face financial challenges, the budget is balanced, and significant positive progress has been made toward meeting not only present but also future financial challenges, while also improving service delivery.

The City continues to review its expenditures to determine ways to decrease spending and to increase efficiency. As the population of Cochise County decreases, so, too, is the size of City government in Willcox. (All of the communities in Cochise County, including unincorporated Cochise County, with the exception of Sierra Vista, have lost population since 2010.) With payroll being the most significant of costs, reducing the size of the workforce through attrition continues. As positions open up, they are evaluated to determine whether or not their work load can be assumed by another position. Hence, four positions will not be funded for FY17: warehouse specialist, senior mechanic, part-time evidence technician, and Development Services administrative assistant. The warehouse specialist duties will be shared by current personnel. The senior mechanic duties will be handled by the current mechanic, and surplus vehicles have been auctioned to reduce the mechanic workload. The part-time evidence technician duties will be performed by current personnel. Development Services will move back to the Public Works Department where the administrative assistant's duties will be performed by current personnel.

Exceptions to spending cuts were in employee wage increases, health insurance cost, and capital expenditures. Cost savings from the positions not being funded this year, were, in part, used to increase wages of employees. Using a 2006 salary survey, employees who were below the low end of the scale had wages increased, as did employees who took on additional responsibilities as a result of the eliminated positions. Salaried positions were also increased to meet the new labor law. Health insurance premiums will increase by 8.9% (down, through negotiations, from 17.2%) and the family insurance penalty has been minimized. While City payment of family insurance increased from 68% to 80%, it is still lower than single coverage at 121%, single and spouse coverage at 90%, and single with children at 90%. In regards to capital expenditures, two vehicles instead of one are budgeted to be replaced in the Police Department. With five 2007 police vehicles, one 2006, and one 1998, the current replacement schedule of one per year is not keeping up with necessary replacement. Ball field bleachers are also budgeted for replacement this year, and will meet current safety standards.

This year the budget has also been further streamlined to make it more useful and transparent. The Administration and Finance Departments are now combined to more easily access total administrative costs. The various Police Department Divisions - Administration, Patrol, and Investigations are now combined providing easier assessment of total policing costs. The Communication Division, Animal Shelter, and Fire, however, were not combined. With the regional dispatch center soon coming on-line, the present budget structure provides comparative data. The Animal Shelter was also left to stand alone as the County reimburses the City for some of the expenses. The Fire Department is unique enough from policing functions to warrant its own division. Buildings and Grounds was combined with Parks to more accurately reflect shared job duties.

Utility fund revenues were adjusted to reflect changes in the funds. The use of fund balance in the Gas Fund is at \$12,524 for partial funding for capital expenditures: mandatory meter replacement, equipment, and partial funding for a utility vehicle. By year end, all commercial gas meters should be replaced with remote readable meters. (Residential meter replacements were completed in FY16.) As with residential meter replacement, this will speed up the meter-read process increasing efficiency. The administrative fee charged to the Gas Fund has been decreased to more accurately reflect administrative costs. The Water Fund will see a use of fund balance of \$13,740 for partial funding for capital expenditures: meter replacement, equipment, and partial funding for a utility vehicle. Similarly, the goal is to have all of the commercial meters upgraded to remote read. (Residential meter replacements were completed in FY16.) The Sewer Fund will go into debt for \$2,005,000 for the new Wastewater Treatment Plant (WWTP); debt on the old plant is scheduled to be paid off. Remaining funding for the new plant will come in the form of grants totaling close to \$10,000,000. This year, 60% of plant construction is budgeted with the project scheduled to take up to 18 months. There is no planned rate increase to cover the new WWTP debt. The administrative fee charged to the Solid Waste Fund was increased to more accurately reflect administrative costs.

We will continue to seek out new funding opportunities as reflected in the Special Revenue Grants fund. Slum and blight mitigation was completed on Haskell Avenue in FY16 with the use of Community Development Block Grant (CDBG) funds. As the City is cleaned up, we hope to attract more businesses and residents to the area.

The City will continue to help foster economic development by providing appropriate zoning, stable infrastructure, and a responsive/positive attitude to inquiries from the private sector about business opportunities and new housing opportunities. We will also continue to improve the appearance and condition of City-owned property and encourage residents and owners to clean up theirs.

As always, we will continue to promote Willcox as a great place to live, work, and raise a family.

Ted Soltis
City Manager

EXPENDITURE LIMITATION COMPARISON

1. Budgeted expenditures/expenses
2. Add/subtract: estimated net reconciling items
3. Budgeted expenditures/expenses adjusted for reconciling items
4. Less: estimated exclusions
5. Amount subject to the expenditure limitation
6. EEC expenditure limitation

	2016	2017
1. Budgeted expenditures/expenses	\$ 14,633,188	\$ 15,455,531
2. Add/subtract: estimated net reconciling items		
3. Budgeted expenditures/expenses adjusted for reconciling items	14,633,188	15,455,531
4. Less: estimated exclusions		
5. Amount subject to the expenditure limitation	\$ 14,633,188	\$ 15,455,531
6. EEC expenditure limitation	\$ 37,210,285	\$ 37,331,449

The city/town does not levy property taxes and does not have special assessment districts for which property taxes are levied. Therefore, Schedule B has been omitted.

* Includes Expenditure/Expense Adjustments Approved in the current year from Schedule E.

** Includes actual amounts as of the date the proposed budget was prepared, adjusted for estimated activity for the remainder of the fiscal year.

*** Amounts on this line represent Fund Balance/Net Position amounts except for amounts not in spendable form (e.g., prepaids and inventories) or legally or contractually required to be maintained intact (e.g., principal of a permanent fund).

CITY OF WILLCOX
